Welcome

AILBS INTERNATIONAL CONFERENCE | 15 -17 February 2019

Dear Colleague,

Liver transplant has recently completed successful 50 years and currently we are in an exciting era of liver medicine, surgery, anesthesia and critical care. On this occasion, we are delighted to invite you to the **"The AILBS International Conference"** to be held from **15-17 February, 2019, New Delhi, India**. At that time of the year, the weather in New Delhi would be excellent and the venue is exquisite **"ITC Maurya & The Taj Palace"**, a green heaven in Diplomatic Enclave.

Dr. Vivek Vij
Chairman, AILBS

In this conference, we will feast you on the history, innovation, latest views, practice, controversies and the way forward in liver diseases and transplantation, from thought leaders across the globe. The theme would be **Indications and Innovations in Liver Transplantation: "The Way Forward"**. Recognizing the significant developments in laparoscopic and robotic liver surgery, the conference will be preceded by a pre-conference workshop on **"Minimally Invasive Liver Surgery"**. The meeting also aims to address the ongoing problem of organ donation through a pre-conference symposium on **"Deceased Donor Liver Transplantation in India: Current Status"**.

The meeting aims to enable informed management options by enhancing the understanding to clinical problems related to liver diseases (Surgery, Medicine, Anesthesia and Critical Care) in Adults and Children, as key opinion leaders present updated scientific literature with their personal viewpoint.

As always, it will also be a great opportunity for the younger members of the liver community to present their work and engage with expert faculty from across the world.

We look forward to welcoming you to Delhi at its colorful best!

Regards,

The AILBS TEAM

Fortis Hospitals
